

Ranked among the top high schools in California, Oaks Christian School (OCS) focuses on the entirety of the student, supporting them academically and emotionally, while providing the support and resources they need to succeed in life. The school's unique programs include the Institute of Engineering, Institute of Arts and Innovation and the Institute of Global Leadership.

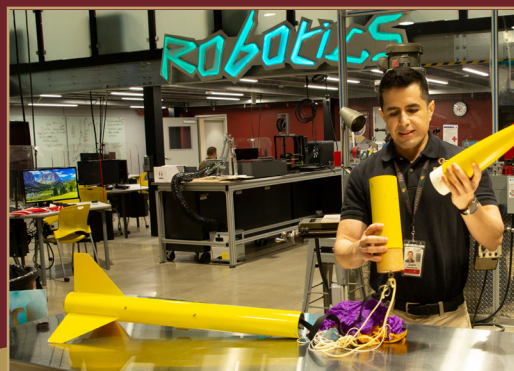

In addition to top-tier academics, OCS has vibrant arts and athletic programs, giving students the chance to explore their unique talents and develop their passions. The school's facilities include an innovative STEM lab, a multifunctional Art Center, a professional-grade sports field, a 13,000 square foot IDEA Lab and modern classrooms.

The school's prime location offers students the chance to enjoy everything that Southern California has to offer, from downtown Los Angeles to national parks. The school's location also gives students the chance to take part in unique internships and job shadow opportunities.
