

Located in a coastal community just outside the heart of Los Angeles, Bishop Montgomery provides students with a unique, life-changing study abroad experience.

Bishop Montgomery students have access to a wide range of programs and technology that set them apart from other university applicants. With a unique STEAM (Science, Technology, Engineering, Arts and Math) program, a Sports Medicine Program and state-of-the-art facilities, students gain advanced-knowledge and hands-on experience.

Bishop Montgomery's Fine and Performing Arts program gives student opportunities to take courses and participate in performances and festivals. Additionally, students can take part in the ACE Mentorship Program where they can gain hands-on experiences in engineering and architecture with a local company.

The school's modern facilities include a spacious learning commons and library, athletic facilities that include two full-sized playing courts and a fitness room, a retreat center and a performing arts complex with a black box theater and a ceramics/art studio. The school also has recently-built STEAM facilities.
